CORIUM 1370 Food Grade Advanced Penetrating Oil

## Food Grade Advanced Penetrating Oil

- *NSF-H1 Registered (Registration Number: 167635) for Incidental Food Contact*
- *Exceptional Penetrating Power to Loosen Corroded Parts*
- *Effective Water Displacement Agent, Anti-Rust Film & Lubricating Oil*
- *Versatile and Efficient Maintenance Tool for Use in the Food & Beverage Processing and Pharmaceutical Industries*

**TRUST** *Ease of Application*  
**CORIUM** *Wide Versatility*  
**FOR** *Outstanding Physical Properties*

Nonfood Compounds Program Listed  
Category Code : H1  
Registration Number : 167635

**TW**  
PERFORMANCE  
POLYMERS & FLUIDS®

## SPECIAL BENEFITS

**Corium 1370** is formulated with materials that have NSF-H1 approval. It can be used anywhere within a facility where incidental food contact may occur.

- **Corium 1370** penetrates quickly to loosen corroded bolts, nuts, and fasteners. Subsequently it helps make dismantling of equipment/machines more smoothly, saving maintenance professionals costly downtime.
- **Corium 1370** effectively displaces water, reducing the risk of rust formation on the applied metal surfaces.
- **Corium 1370** can be used as a film of corrosion protection temporarily before applying anti-corrosion coating or electroplating.
- **Corium 1370** effectively lubricates and protects equipment / parts located in and around food processing areas.

## OUTSTANDING PROPERTIES

**Corium 1370** is a versatile and premium penetrating oil that:

- Has low surface tension with exceptional capillary and penetrating power that forces water out of applied parts/components.
- Is non-staining, non-toxic and odorless.
- Offers superb maintenance performance where regulations will not allow the use of ordinary industrial lubricants.
- Will not harm plastics, paint work, vinyl, leather, and rubber.
- Can be applied easily with a brush, sprayer or in a dip tray.

## USE FOR

**Corium 1370** is ideal for maintenance applications in industries where safety and health are vital. It helps optimize the productivity of operation and minimize costly downtime.

**Corium 1370** is useful for clean operating environment that needs a colorless and non-staining, non-toxic short-term rust preventive coating to protect metal surfaces against corrosion caused by oxidation, moisture, or high humidity.

**Corium 1370** can be applied as a light lubricant on machinery and equipment found in bottling plants, food manufacturing, fish processing and any factories that demand food grade maintenance consumables.

**Corium 1370** is also acceptable for use in the pharmaceutical and sanitary industries.
